Farm Credit Distributing more than \$10.8 Million to Arkansas Members

The Farm Credit Services associations of Arkansas are distributing more than **\$10.8 million** in patronage refunds to their member-customers this spring.

Patronage refunds to Farm Credit Services customers across Arkansas now total more than \$69 million since 1997.

As a cooperative, the Farm Credit mission is to provide credit and related services to agricultural producers and rural home owners. For more than 90 years Farm Credit has been rock solid and controlled by the members it serves. Returning a portion of the cooperative's earnings to members in the form of Patronage Refunds is evidence that the Farm Credit associations in Arkansas are achieving this goal.

Statewide, Farm Credit serves more than 8,800 member-customers with more than \$2.5 billion in owned and managed assets and 37 branch office locations across Arkansas.

In Arkansas, Farm Credit is represented by four independent associations and all are members of the larger Farm Credit System. **Farm Credit Services of Western Arkansas**, serves western counties, **AgHeritage Farm Credit Services** serves central Arkansas, **Farm Credit MidSouth** serves eastern Arkansas, and **Delta, ACA**, along with AgHeritage Farm Credit Services, serves the far southeastern section of the state.

Find a Farm Credit branch location near you by calling 800-444-FARM, or going to www.farmcredit.com.
